### Acquisition

## ASC GmbH becomes part of the Hypoport Group

**Berlin, 19 June 2018:** Today, an agreement was signed to acquire all the shares in **ASC Assekuranz-Service Center GmbH (ASC)**. The Bayreuth-based company will thus become part of the Hypoport Group. ASC has been a successful partner to the insurance sector for more than 30 years, acting as a provider of pooling services for insurance brokers, and as an underwriter and provider of back-office services for insurance companies. In 2017, the company had around 50 permanent employees and generated more than €17 million in revenue.

As well as ASC itself, the acquisition will benefit a number of Hypoport companies. For example, ASC's underwriting and pooling business will complement the services provided by Qualitypool GmbH, Hypoport's own broker alliance and sales support organisation. And the integration and expansion of outsourcing services will allow Smart InsurTech GmbH (SmiT), which operates the web-based insurance platform SMART INSUR, to substantially broaden its offering for product suppliers. In addition to integrating insurance products in its platform, SmiT will now also be in a position to provide back-office functions for insurers.

"With the acquisition of ASC we have succeeded in adding another company to the Hypoport Group whose business models ideally complement the business models of several of our subsidiaries," says Stephan Gawarecki, the member of Hypoport's Management Board responsible for the insurance platform business. "Both parties will once again benefit from a number of tie-ins."

Norbert Schmitt, one of the executive directors of ASC Assekuranz-Service Center GmbH, also expressed his delight with the deal: "Against a backdrop of consolidation in the market for pooling services, it made sense to reinforce both Qualitypool and ASC. We are strong in general insurance, Qualitypool is strong in loan brokerage and in the integration of fintechs. And the Hypoport Group includes a specialist for personal insurance in the shape of Volz Vertriebservice GmbH. We really are the perfect match. There's also a lot of interesting potential for cross-selling."

Gawarecki echoed Schmitt's sentiments, adding: "The close collaboration between ASC and its new sister companies will lay the foundations for fast and sustainable growth. Together we have a fantastic opportunity to play a key role in a market that is subject to increasing consolidation."

Hypoport today published further details of the transaction in an ad-hoc disclosure.
