## Hypoport SE: Inclusion in the MDAX

**Berlin, 6 September 2021: On Friday evening, Deutsche Börse announced the latest changes to the composition of its family of DAX indices. As part of these, Hypoport SE will now be included in the MDAX index. To date, the company's stock had been trading in the lower-ranking SDAX index. The inclusion in the second-highest index, which represents the company's rise to the ranks of the 90 largest exchange-listed companies in Germany, is a result of its strong share price performance over recent years and the increase in the company's market capitalisation to around €3.8 billion.**

Ronald Slabke, Chief Executive Officer of Hypoport SE, is delighted about the promotion to the MDAX: "The inclusion of our stock in the second-highest index of Deutsche Börse is testament to the success of our platform business models. At the same time, the rise of our share price reflects the increased level of recognition that our company is enjoying in the capital markets. I would like to thank all Hypoport stakeholders who have contributed to this success. And I look forward to welcoming new talented employees and new shareholders who want to play a part in writing the next chapters of our success story."

The announced changes to the composition of the MDAX will take effect from 20 September 2021.
